

~~JORNAL DO BRASIL~~

The graph displays two data series for electricity consumption in Brazil from 1978 to 1984. The Y-axis represents consumption in millions of kWh, ranging from -20 to 24. The X-axis shows years from 1978 to 1984, with months labeled (J, A, S, O, N, D, J, A, S, O, N, D). The 'Igual mês do ano anterior' line shows significant fluctuations, with a major peak in 1980 and a sharp decline in 1981. The 'Últimos 12 meses' line shows a general downward trend, reaching a low point in 1981 and then recovering.
